

Fold an 8-page zine (with 1 piece of paper)

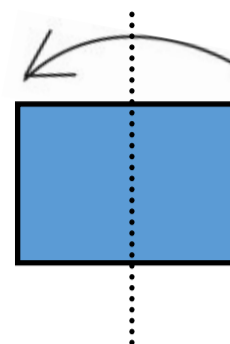

Materials needed: one piece of paper, scissors

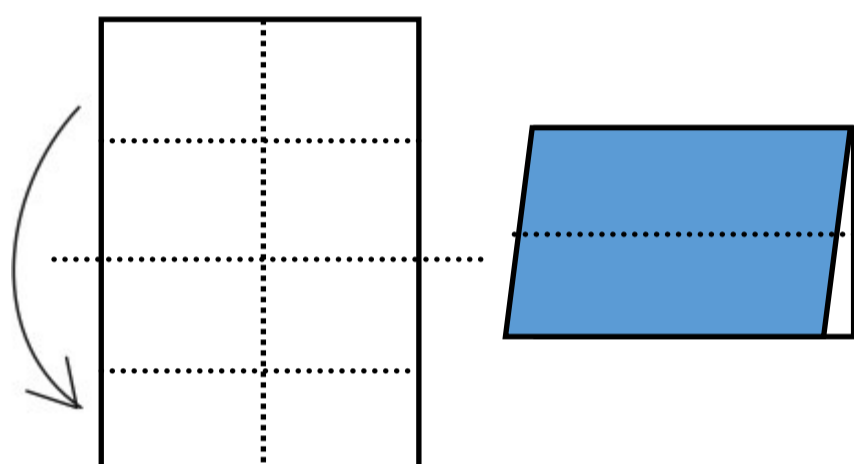

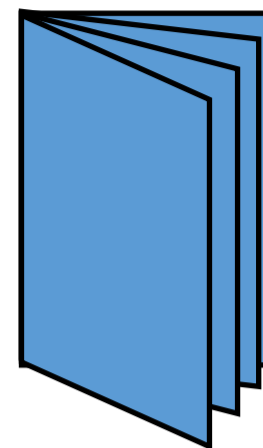

1 - fold paper in half on the long edge

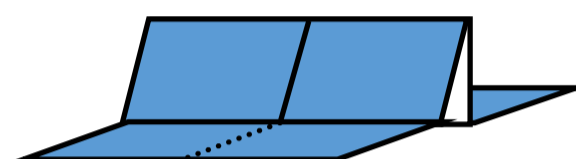

2 - fold paper in half on the short edge

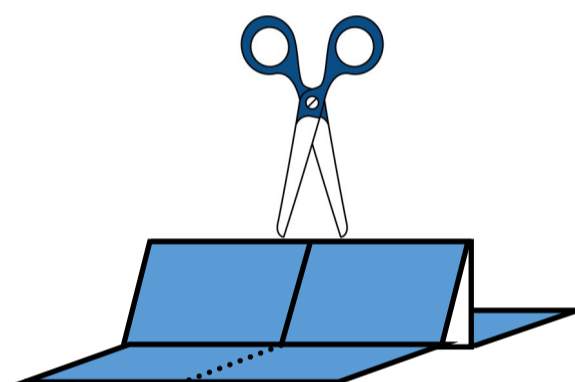

3 - fold paper in half on the short edge again

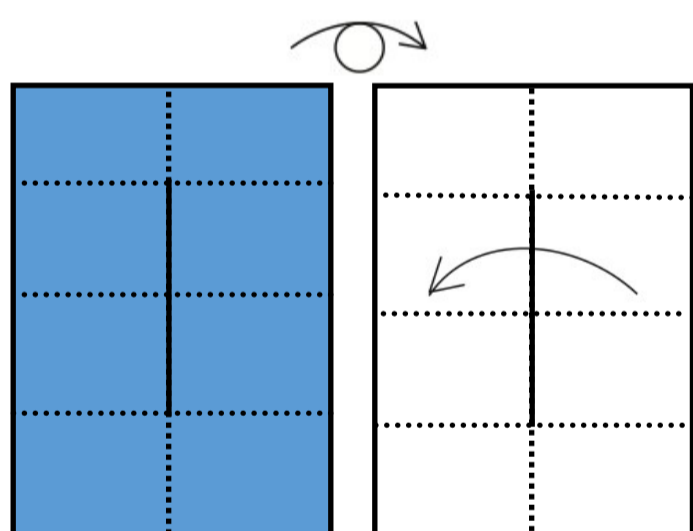

4 - open up your paper, you will have 8 segments. Fold your paper in half on the short edge.

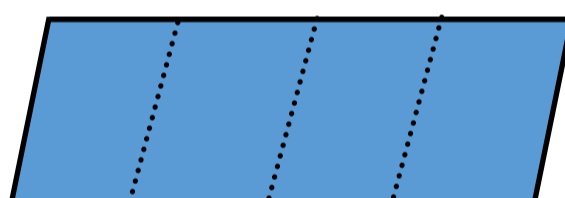

5 - fold lower sections up to create a tent.

6 - on the creased edge, cut the centre fold to the bottom of the tent.

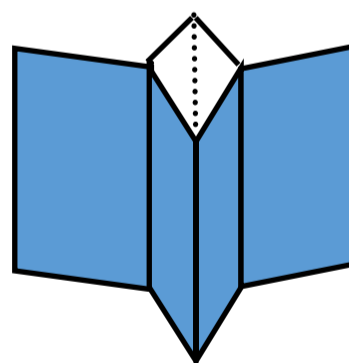

7 - open up your paper, you will have 8 segments and a slice in the middle. Fold your paper in half on the long edge.

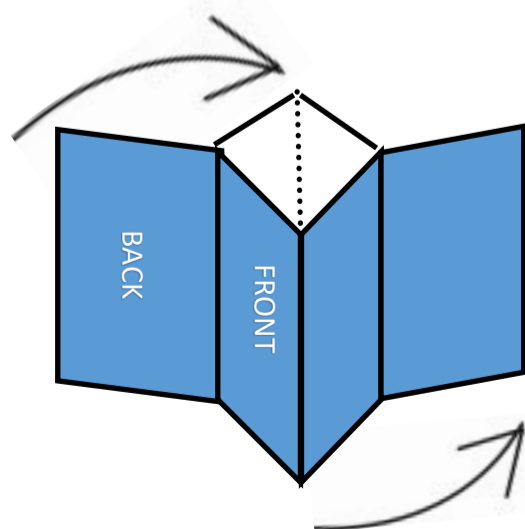

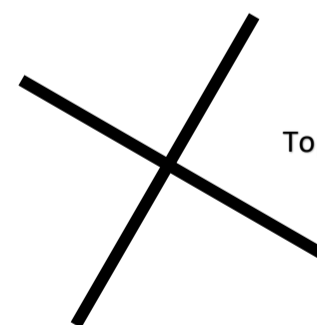

8 - hold the two sides and slowly push them together. So that the slice opens up and the paper forms an X shape (from the top)

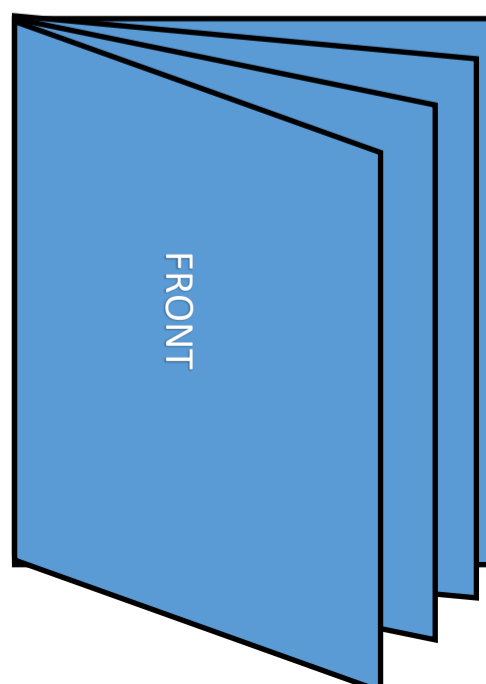

Side view

Top view

9 - bring all four edges together and squish them together.

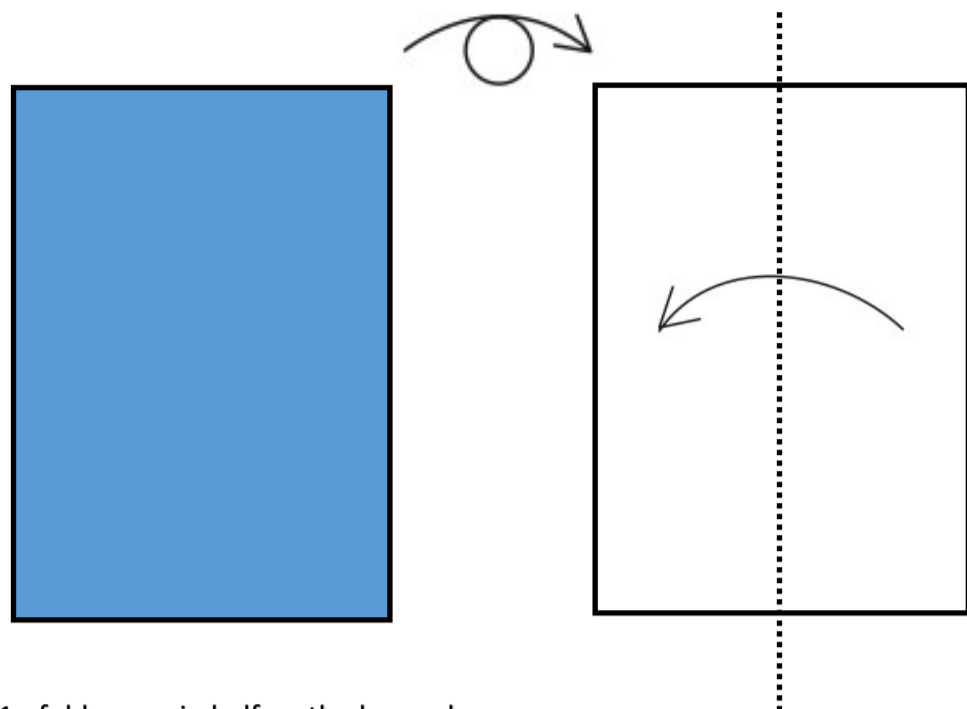

9 - You have now folded your zine !You have 8 pages (including a front and back cover to design and decorate!

If you unfold and flip it over, you also have a secret poster you can decorate!

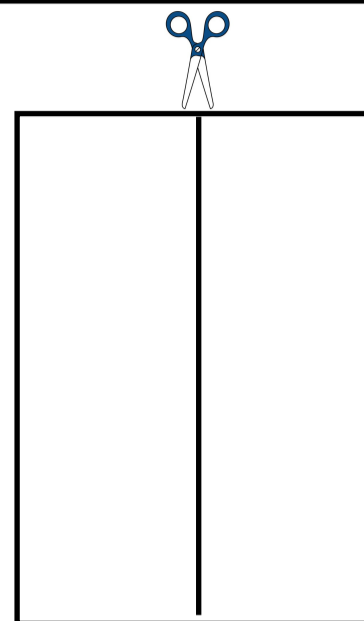

Make a concertina zine (2 zines with 1 piece of paper)

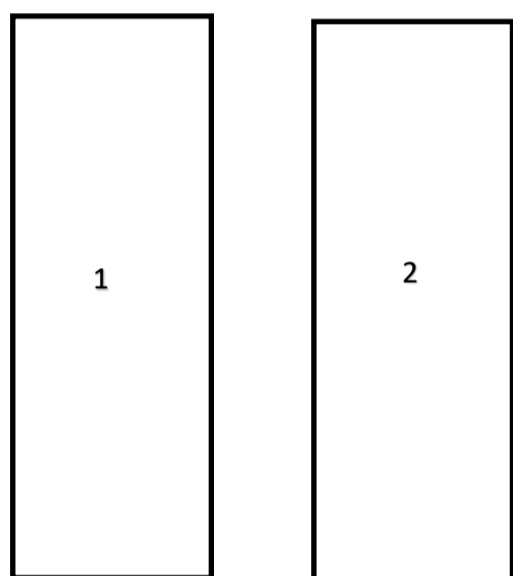

Materials needed: one piece of paper, scissors

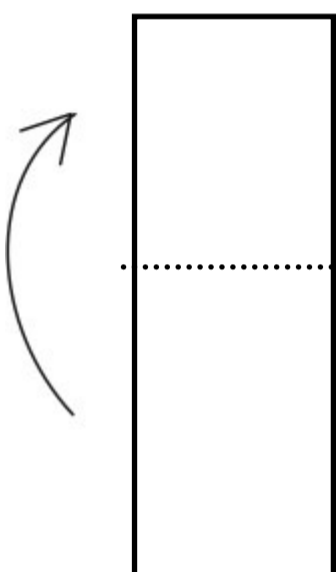

1 - fold paper in half on the long edge

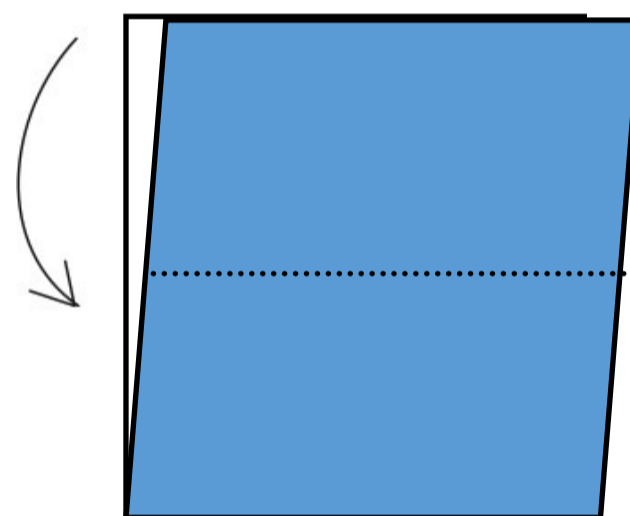

2 - cut paper along fold

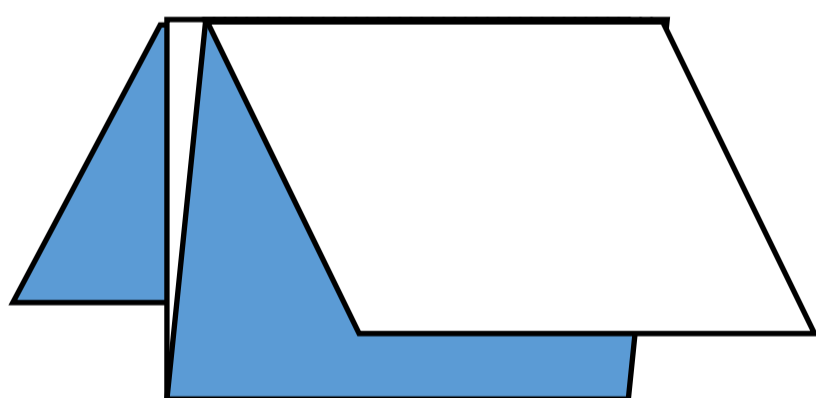

3 - you will now have 2 pieces of paper and you can make TWO zines!

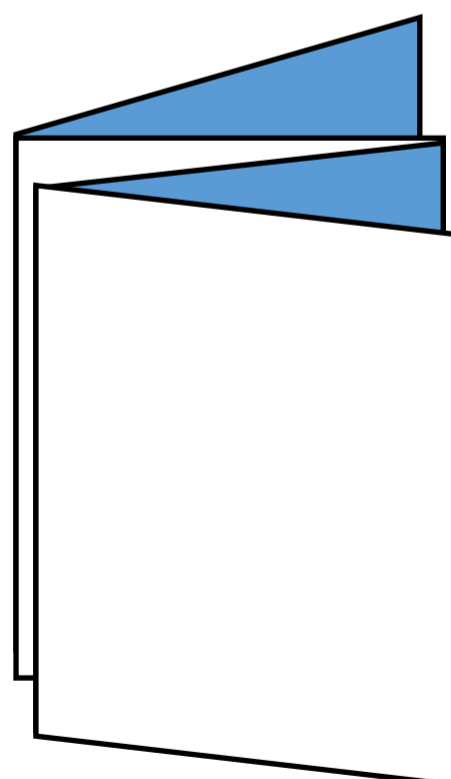

5 - Take one of these pieces and fold it in half on the short edge

6 - fold each edge out towards the centre fold (on the outside).

7 - your piece of paper will now look like an "M" or a "W" (depending on how you hold it).

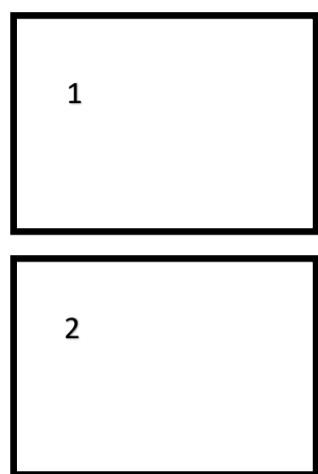

8 - You have now folded your zine!
Turn it onto it's side and start creating!
You have 8 pages (including a front and back cover to design and decorate!

9 - Repeat this with your other piece of paper to make another zine!

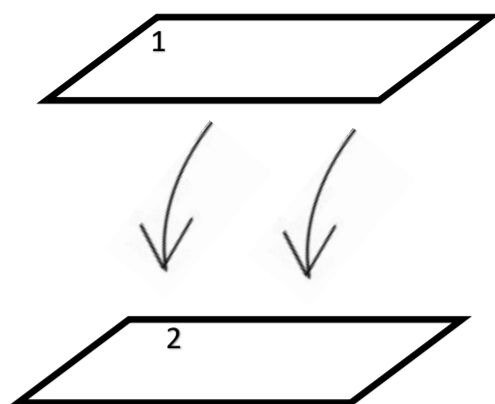

Make a 'half page' zine (1 zine with multiple piece of paper)

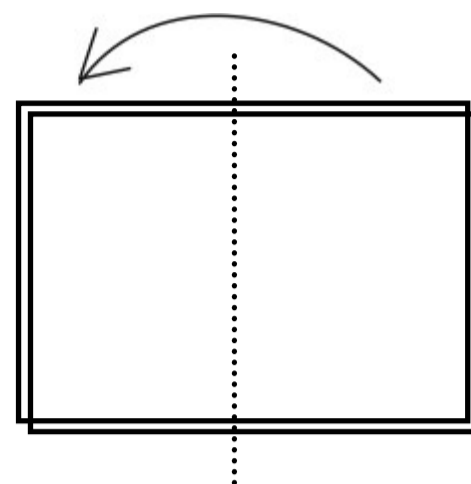

Materials needed: a few pieces of paper (any size), stapler or hole punch and any string about 25cm long

1 - Take 2 pieces of paper

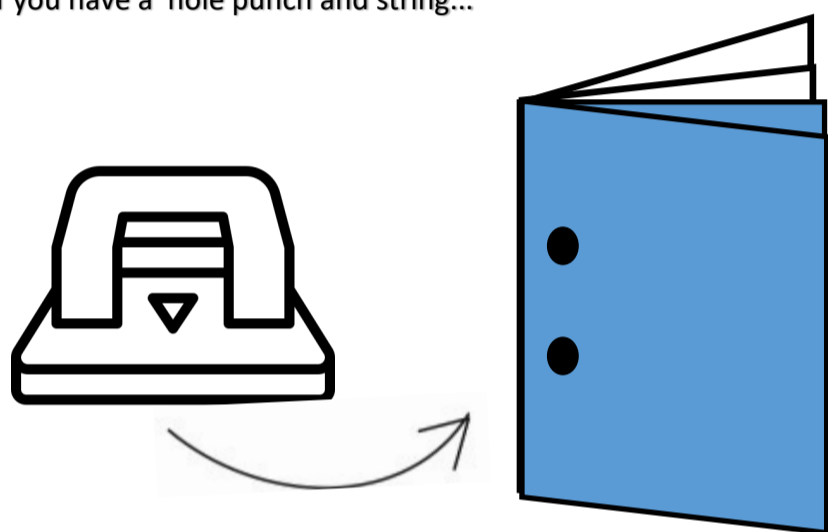

2 - Stack the paper

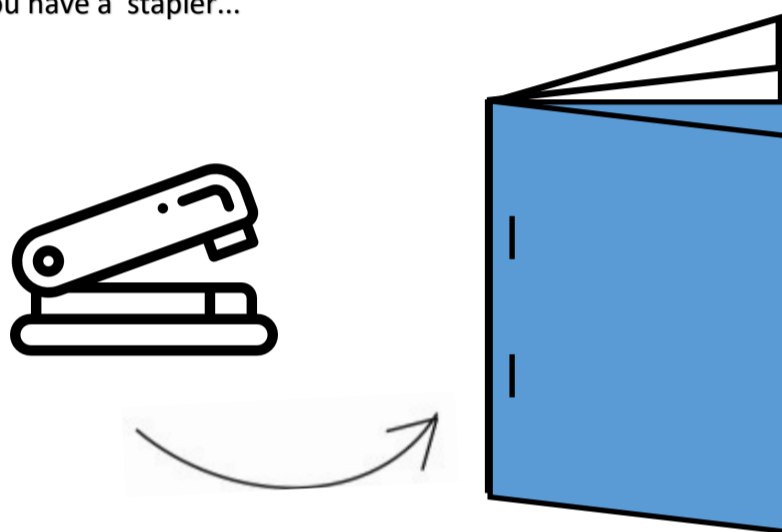

3 - fold both pieces of paper in half on the long edge

If you have a hole punch and string...

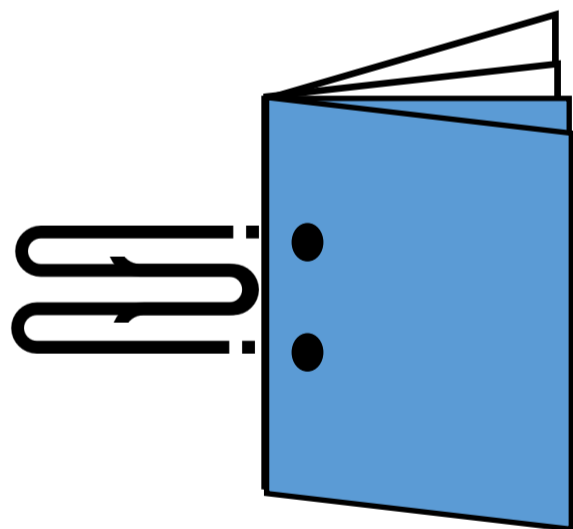

4 - using a hole punch, punch 2 holes near the fold.

If you have a stapler...

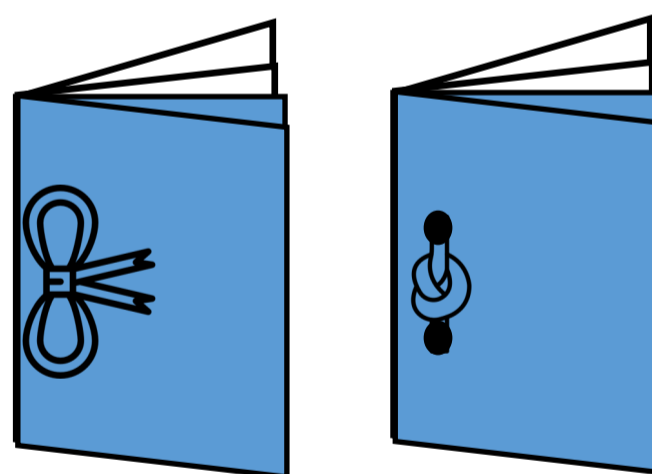

4 - using a stapler, put 2 staples near the fold and proceed to step 7!

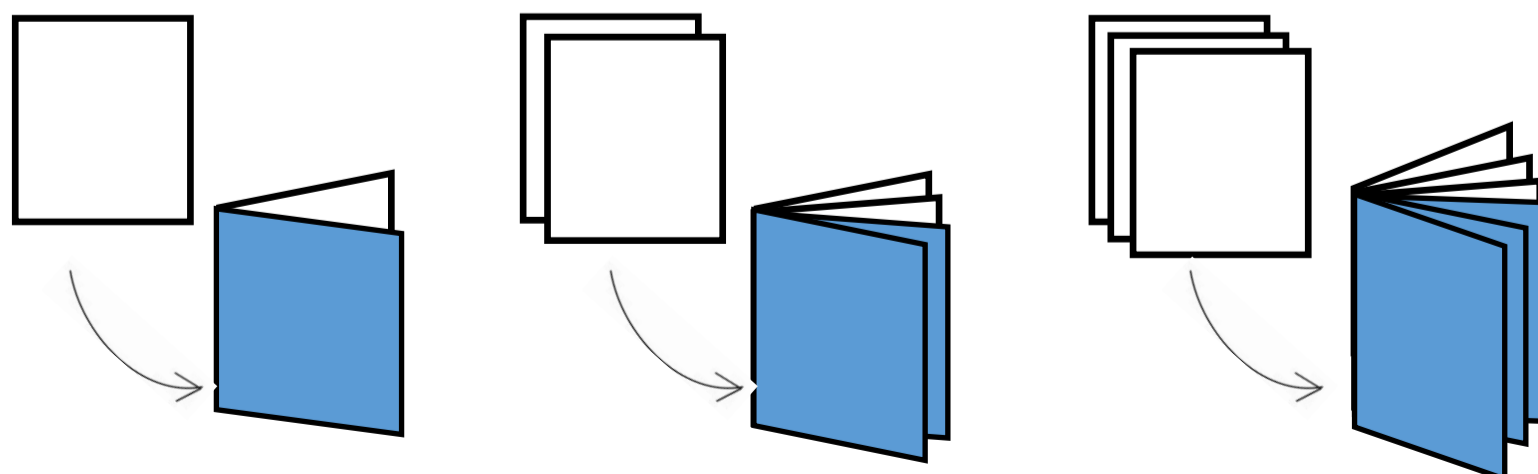

5 - feed your piece of string through both holes from back to front.

6 - tie the loose ends together in a bow or a knot

7 - You have now made your zine! You can start designing and decorating your zine!

1 piece of paper makes a zine with 4 pages, 2 pieces of paper makes a zine with 8 pages, 3 pieces of paper makes a zine with 12 pages and so on.
